

UPCE Finance Committee Report
National Executive Meeting
December 6th, 2007—Ottawa

The UPCE National Finance Committee met in Ottawa at the National Office preceding the National Executive Meeting on December 7-8, 2007.

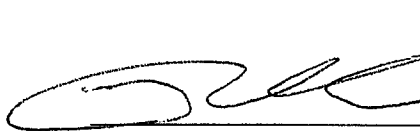

The 2006 UPCE Financial Statements were adopted by the National Executive after being fully audited by the Chartered Firm that UPCE retains.

The 2005 Triennial Convention budgeted for 2350 members for the year 2007. The total membership at the end of October 2007 has been approximately 2450.

This has resulted in increased revenue for UPCE to the end of October 2007. As of October 2007, we have a surplus and are on target for the year-end.

As directed from delegates at Convention, an opportunity arose that resulted in a reduction of 1 staff position.

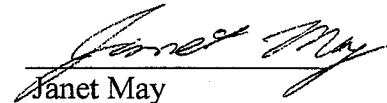

The Child Care and the Regional and National Education Funds are financially viable and healthy as of October 31, 2007.
